

Grants

Pre-application form

Registered Charity Number: 1062255

Please only use this form if you are interested in making an initial enquiry about funding. It does not constitute a formal grant application. Only one memorial should be included per form. Before completing the form please check War Memorial Trust's website to see if your project is the type funded by the Trust www.warmemorials.org/grants. If your enquiry is about anything else to do with war memorials check the Advice and Helpsheets section of the Trust's website www.warmemorials.org/helpsheets or contact the Conservation Team.

Outline of proposed works

Please be as specific as possible (e.g. re-cutting lettering, repairs, cleaning, adding names, re-pointing). General terms such as 'renovate' or 'restore' will make it difficult to provide you with accurate feedback on your proposals. If you have any reports or quotes already received it would be helpful if you supply these. Please supply any relevant background information, particularly for any projects which involve relocation. Maximum 750 characters.

Phase I produced reports (on the website), RIS Condition Survey Report, Specification of Materials & Works, Structural Report, drawings WM leans 138mm, shaft (3.5m) moves on its base, many stones damaged/fractured, fractures caused by iron dowel construction, which continues to increase the fractures (the lean creates extra pressure), earlier repairs have failed, there is little mortar left, lettering on lower plinth difficult to read - lichen growth, paving uneven/walling collapsing. Recommendation (see reports) is to dismantle to the lower plinth, repair all stonework, limited cleaning of lower plinth, rebuild vertically with s/s dowels etc., re-lay paving, rebuild walling. Cost est. by Conservation Architect £15k plus mgmt fees
